

Phase I Former Targeted Case Management (TCM) Providers which also operate in Phase 2 and/or Phase 3 Health Homes Counties

Programs that are in Phase 1 and also have programs in Phase 2 or Phase 3 may proceed to claim Health Home rate codes for services provided in their Phase 2 or Phase 3 locations by using their existing Health Home rate codes. These existing rate codes include the HH OMH/TCM Care Management rate codes, 1851 & 1852 (retroactive to April 1, 2012 for phase 1 and July 1, 2012 for phase 2), and the HH Service rate codes, 1386 & 1387 (prospective only).

Please refer to the distribution from OMH dated June 7, 2012, **Regulations Notice for Former Targeted Case Management Providers in Phase I Health Homes**, which states that the TCM regulations do not apply to Health Home Services and that service requirements necessary to support a claim for such services will be governed by your provider agreement with the Health Home.

Former TCM Providers which operate ONLY in Phase 2 and 3 Counties

1. Former TCM Providers in Phase 2 and 3 Counties should begin using the Health Home Care Management rate codes (1851 & 1852) and the Health Home Services rate codes (1386 & 1387) for services provided beginning 3/1/13. We expect the rate codes to be posted in April, if not sooner.
2. Please continue to update the patient tracking file for all individuals enrolled in your TCM program as of April 1, 2012 for phase 2 locations and July 1, 2012 for phase 3 locations, subsequently added to your program, or discharged from your program after April 1, 2012 for phase 2 locations and July 1, 2012 for phase 3 locations.

Please refer to the former distribution from OMH dated June 7, 2012, **Regulations Notice for Former Targeted Case Management Providers in Phase I Health Homes**, which states that the TCM regulations do not apply to Health Home Services and that service requirements necessary to support a claim for such services will be governed by your provider agreement with the Health Home. The same will apply for Phase 2 and Phase 3 counties.
